

Photo shows Molly as a style reference, not the pacifier clip itself.

LME CROCHET PATTERN - BABY

MOLLY'S PACIFIER CLIP

LME BABY COLLECTION - WOODLAND DREAMS

A little pacifier clip with a simplified lamb head inspired by Molly, with a butter yellow ruffled collar around the neck, a little curly loop-stitch topknot and a butter yellow bow, and a few soft crocheted balls with a star bead. Crocheted in the same natural colours as the rest of the collection. Maximum length follows current safety guidance for soother holders.

By Renate Dahl

Little Montessori Explorers

lmexplorers.com

IMPORTANT: Read the safety page carefully before you start, and always check the finished clip against current local safety requirements for soother holders before use or sale.

ABOUT MOLLY'S PACIFIER CLIP

PART OF ELLIE'S WORLD

Molly's pacifier clip belongs to the LME Baby Collection "Woodland Dreams", the same woodland world as Molly, the little lamb. The small lamb head on the clip is a simplified version of Molly, just the right size to hang safely and playfully next to the pacifier.

STYLE

Minimalist, Montessori-inspired and Scandinavian, in the same natural colours as Molly: cream and butter yellow. Calm and simple, never cluttered.

MOST IMPORTANT OF ALL: SAFETY

A pacifier clip is something a baby has close to their face, often alone in a pram or bed. That's why this pattern's length is deliberately short, and all of page 13 is dedicated to safety. Read that page before you crochet on.

MATERIALS AND YARN ALTERNATIVES

YARN

Bystrikk Merino (cream and butter yellow). Same yarn as the rest of Molly's pattern, so leftovers often stretch to cover this.

Alternative yarn: any soft cotton-blend DK-weight yarn (e.g. DROPS Safran, Hobbii Amigo, Rico Ricorumi) works well. Avoid acrylic close to the mouth, cotton is easiest to wash clean.

TOOLS AND SUPPLIES

- Heklenål 3 eller 3,5 mm · litt tettere enn Molly selv, siden delene er små
- Polyesterfiber til fyll · liten mengde
- Stoppenål med butt spiss · til all somming
- Rund tre-kuleklips med smokkelenke-mekanisme · kjøpt hos leverandør av smokkelenke-tilbehør, med sikker, innkapslet fjærmekanisme, BPA-fri/CE-merket og beregnet spesielt for smokkeholdere (se side om sikkerhet)
- Én stjerneformet treperle · umalt/CE-merket, samme hull-størrelse som de andre treperlene
- Smokkering eller adapterring · BPA-fri, beregnet for smokkeholdere, tres gjennom snorløyken i enden
- Tvinnet bomullstråd og nål · til å sy delene godt fast
- Saks og målebånd

WITH OR WITHOUT BEADS

This pattern can be crocheted entirely without beads (crocheted balls only), or varied with beads between the crocheted pieces:

- **Without beads:** crocheted balls and motifs only. Safest and simplest, recommended for the youngest babies.
- **With wooden beads:** unpainted, CE-marked wooden beads intended for children, with a hole wide enough for thick cord.
- **With silicone beads:** matte, BPA-free silicone beads intended for teething/baby products.

DIFFICULTY, SIZE AND GAUGE

DIFFICULTY

Easy to medium. A good first amigurumi project.

FINISHED LENGTH

Max 22 cm total length, stretched out from the clip to the pacifier loop, in line with EN 12586. See the safety page for the full explanation. Never crochet the clip longer than this, regardless of age.

GAUGE

Crochet tightly, amigurumi tension: approx. 20 sc x 22 rounds = 10 x 10 cm on a 3 mm hook. The stuffing should not show through the stitches.

ABBREVIATIONS

This pattern uses the same loop-stitch technique as Molly's wool topknot, in miniature. Here are all the abbreviations, with the common US crochet terms alongside.

Norwegian	US	Means
lm	ch	luftmaske / chain
fm	sc	fastmaske / single crochet
kjm	sl st	kjedemaske / slip stitch
løkkm	loop st	løkkemaske: se Mollys egen oppskrift for full forklaring
magisk ring	magic ring	justerbar startring uten hull i midten
økn	inc	økning: 2 fm i samme maske. Gir én maske mer.
mink	dec	minking: 2 fm sammen. Gir én maske mindre.
m	st(s)	maske(r)
()	()	totalt antall masker på omgangen
...	*...*	gjenta det mellom stjernene så mange ganger som står bak

TIPS BEFORE YOU START

- Lay all the pieces out side by side before assembling, so you can see how the length works out.
- Always measure the finished clip fully stretched out, not relaxed, when checking the length.
- Crochet a couple of spare balls, in case you want to adjust the length as you go.
- Use only strong, twisted cotton thread for assembly, never thin sewing thread.

HOW THE PACIFIER CLIP IS BUILT

Four types of pieces are crocheted separately, then threaded or sewn together at the end along a short cord, or directly to each other:

1. The little lamb head

a simplified Molly with a mini wool topknot

2. The ruffled collar

butter yellow, around the neck

3. The bow

butter yellow, between the ears

4. The crocheted balls

as many as you need to fill out the length, with one star bead

SIZE

Max 22 cm total length, stretched out from the clip to the pacifier loop, in line with EN 12586. See the safety page for the full explanation. Never crochet the clip longer than this, regardless of age.

PART 1: THE LITTLE LAMB HEAD

A simplified, small version of Molly's head, cream.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5 to 8	24 sc, 4 rounds with no increases	24
9	(2 sc, dec) x 6 - stuff firmly from here	18
10	(1 sc, dec) x 6	12
11	dec x 6	6

Cut the yarn, leaving a tail of approx. 20 cm. Diameter approx. 3.5 to 4 cm.

TWO SMALL EARS

Crochet two small flat circles in cream: 5 sc in a magic ring, fasten off. Sew them onto the top of the head, with a little space between, as a simplified miniature of Molly's long, floppy ears.

THE LITTLE WOOL TOPKNOT

Attach cream yarn to the top of the head, between the ears, and crochet 6 to 8 loop stitches directly onto the surface of the head, closely grouped, the exact same technique as Molly's own wool topknot, just much smaller. Fasten off and weave in the end.

PART 2: THE RUFFLED COLLAR

THE RUFFLED COLLAR (BUTTER YELLOW)

Attach butter yellow yarn around the edge where the head is narrowest, at the bottom. *1 sc in the next stitch, skip 1 stitch, 3 dc in the next stitch (a little fan), skip 1 stitch*, repeat all the way around the edge. Fasten off and weave in the end.

PLACEMENT

The ruffled collar is crocheted directly onto the head and needs no extra attaching, it sits in place as a little ruffled edge around the neck.

THE FACE, EMBROIDERED

Embroider two small, round eyes in black satin stitch and a tiny oval nose below. Do not use plastic safety eyes here, since the clip must be entirely free of hard or loose parts. See the reference photo from Molly for inspiration on the expression, in miniature.

Reference: Molly's expression

PART 3: THE BOW

THE BOW (BUTTER YELLOW)

Crochet a narrow strip in butter yellow: chain 10 + 1 turning chain, 1 row of sc (10 sc). Fold the strip together into a small bow shape and wrap a short length of yarn tightly around the centre a few times.

ATTACH THE BOW TO THE HEAD

Sew the bow on permanently and flat, between the ears, on top of the little wool topknot, just like in the reference photo.

PART 4: THE CROCHETED BALLS

Crochet as many balls as you need to fill out the length between the clip and the lamb head, for example alternating cream and butter yellow, with wooden beads in between and one star-shaped wooden bead somewhere in the row. Remember: the total length must never exceed 22 cm.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3 to 4	12 sc, 2 rounds	12
5	dec x 6	6

Stuff lightly, cut with a long tail on each ball. Diameter approx. 1.5 cm. The number of balls depends on the size of the pacifier ring and clip you use, always lay out the whole clip before attaching anything permanently.

THE CORD LOOP FOR THE PACIFIER RING

Instead of attaching the pacifier ring directly to the last ball, crochet a short, firm strip in cream: chain 16 + 1 turning chain, 1 row of sc back (16 sc). Fold the strip lengthwise and sew together into a thin, round cord. Bend the cord into a loop and sew the ends securely to the last ball at the end of the clip. Thread the pacifier ring through the loop before attaching the whole piece.

ASSEMBLY, STEP BY STEP

Lay out all the pieces in the order you want them, and measure the whole clip fully stretched out before you sew or tie anything in place.

- 1 Crochet the wool topknot onto the lamb head, crochet the ruffled collar around the bottom edge, and sew the bow on between the ears, on top of the topknot.
- 2 Thread or sew the balls and the star bead (and any other beads) in the order you want, on a short, strong cotton cord, or sew them directly together with tight running stitch between each piece.
- 3 Attach the lamb head at one end.
- 4 Crochet the cord loop and sew it securely to the last ball at the other end, thread the pacifier ring through the loop.
- 5 Measure the whole clip fully stretched out. If it is longer than 22 cm, remove a ball or two.
- 6 Sew the finished clip securely onto the wooden ball clip, with plenty of tight stitches.
- 7 Fasten every loose end securely on the inside of the pieces, and trim what is left.

PHOTO GUIDE

Add your own photos of each step here once you have crocheted the clip yourself.

The wool topknot and bow

The balls in a row

The fully assembled clip

SAFETY, THE MOST IMPORTANT PAGE

MAX LENGTH: 22 CM

This pattern follows the principle in the European standard EN 12586 for soother holders: a simple pacifier clip (clip + strap/chain with no other attachment features) must not be longer than 220 mm (22 cm) fully stretched out. The purpose is to make it impossible for the strap to form a loop around the child's neck. Never crochet a clip longer than this, regardless of the child's age.

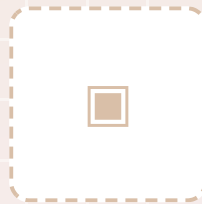

MORE IMPORTANT RULES

- Always use under adult supervision. Remove the pacifier clip when the child is sleeping, lying alone in a pram or bed, or unsupervised.
- No parts are glued. Everything is sewn or tied on with strong, twisted cotton thread and a double knot.
- Use only unpainted/CE-marked wooden beads or BPA-free silicone beads intended for children, never beads or trim intended for adult jewellery.
- Use only a wooden ball clip bought specifically for pacifier clips, with an enclosed spring mechanism, BPA-free/CE-marked, never a generic binder or office clip. Attach the clip with plenty of tight stitches.
- The loop stitches in the topknot are soft and harmless, but check regularly that no loop has become so loose that a small child's finger could get caught in it.
- Check the clip regularly for wear: loose threads, cracked beads, or parts that have gone soft or loose. Discard the clip immediately if anything is wrong.
- This pattern is a guide for home use. If the finished product is sold, it must always be checked, tested and marked as required under current local safety requirements and regulations for children's products, which may differ from and be updated beyond what is described here.

CARE AND WASHING

Hand wash in lukewarm water with a little mild soap. Rinse well. Gently press out the water in a towel, do not wring. Lay flat to dry. Avoid machine washing, since wood and beads can be damaged.
