

Photo shows Luna's face as a style reference, not the stroller toy itself.

LME CROCHET PATTERN - BABY

LUNA'S STROLLER TOY

LME BABY COLLECTION - WOODLAND DREAMS

A little stroller toy with Luna in the middle in a pink ruffled collar, hanging from a chain of crocheted balls, wooden beads, a flower and a leaf, with two wooden ring rattles on each side and a wooden ball clip at each end that attaches directly to the pram's bar. Crocheted in the same natural colours as the rest of the collection, with a length kept deliberately short for safety.

By Renate Dahl

Little Montessori Explorers

lmexplorers.com

IMPORTANT: Read the safety page carefully before you start. Total length and how loosely the pieces hang are the most important numbers in this pattern.

ABOUT LUNA'S STROLLER TOY

PART OF ELLIE'S WORLD

Luna's stroller toy belongs to the LME Baby Collection "Woodland Dreams". Luna hangs in the middle of the chain, with a little flower and leaf from the meadow she loves on each side, and two wooden ring rattles the child can reach for and listen to.

STYLE

Scandinavian and Montessori-inspired, in the same natural colours as the rest of the collection. A soft chain of round balls and wooden beads, with Luna as the clear centre point.

MOST IMPORTANT OF ALL: SAFETY

A stroller toy hangs over the child, often without an adult watching all the time. That's why this pattern's length is deliberately short, and all of page 12 is dedicated to safety. Read that page before you crochet on.

MATERIALS AND YARN ALTERNATIVES

YARN

Bystrikk Merino (warm grey and pink) and leftover cream and sage green, the same yarn family as the rest of Luna's pattern.

Alternative yarn: any soft cotton-blend DK-weight yarn works well, for example DROPS Safran or Hobbii Amigo.

TOOLS AND SUPPLIES

- **Heklenål 3 eller 3,5 mm**
- **Litt polyesterfiber til fyll** · kun til Luna-medaljongen og kulene
- **To runde tre-kuleklips med smokkelenke-mekanisme** · kjøpt hos leverandør av smokkelenke-/vognlenke-tilbehør, med sikker, innkapslet fjærmekanisme, BPA-fri/CE-merket og beregnet spesielt for barnevogn (se side om sikkerhet)
- **Ca. 10 til 12 små tre-mellomperler** · umalt/CE-merket, hull stort nok for tykk tråd, tres inn mellom de heklede kulene i kjeden
- **To trerender, ca. 5 til 6 cm i diameter** · umalt/BPA-fri, CE-merket, beregnet for barn, til de to trering-ranglene
- **Kort, sterk bomullssnor eller flettet bomullsband** · til selve kjeden mellom delene
- **Stoppenål med butt spiss og tvinnet bomullstråd** · til all somming
- **Saks og målebånd**

DIFFICULTY, SIZE AND GAUGE

DIFFICULTY

Easy to medium. Lots of small, simple pieces that are nice to crochet in the evening.

RECOMMENDED MAX LENGTH

LME recommends a maximum of 35 to 40 cm between the two wooden ball clips, fully stretched out, and that no single piece hangs loose more than approx. 6 to 8 cm from the main chain. See the safety page for the full explanation.

GAUGE

Crochet tightly, amigurumi tension: approx. 20 sc x 22 rounds = 10 x 10 cm on a 3 mm hook.

ABBREVIATIONS (NORWEGIAN AND US)

The pieces use single, double and half double crochet, just like Luna's pacifier clip.

Norwegian	US	Means
lm	ch	luftmaske / chain
fm	sc	fastmaske / single crochet
halvstav	hdc	halv stav / half double crochet
stav	dc	stav / double crochet
kjm	sl st	kjedemaske / slip stitch
vm	turning ch	vendemaske: telles ikke som egen maske
magisk ring	magic ring	justerbar startring uten hull i midten
økn	inc	økning: 2 fm i samme maske. Gir én maske mer.
mink	dec	minking: 2 fm sammen. Gir én maske mindre.
m	st(s)	maske(r)
...	*...*	gjenta det mellom stjernene så mange ganger som står bak

TIPS BEFORE YOU START

- Crochet all the pieces first, and lay them out in the order you want before assembling.
- Always measure everything fully stretched out, not relaxed, when checking the length.
- Attach the pieces close against the main chain, not on their own long threads.

HOW THE STROLLER TOY IS BUILT

Four pieces are crocheted separately and attached along a short chain of balls and wooden beads, with Luna in the middle:

1. The Luna medallion

the centre piece, with a ruffled collar and elongated mini ears

2. The flower and leaf

powder pink and sage green, one on each side

3. The wooden ring rattles

two, with a dangling ball in each

4. The crocheted balls

fill out the rest of the chain, with wooden beads in between

RECOMMENDED MAX LENGTH

LME recommends a maximum of 35 to 40 cm between the two wooden ball clips, fully stretched out, and that no single piece hangs loose more than approx. 6 to 8 cm from the main chain. See the safety page for the full explanation.

PART 1: THE LUNA MEDALLION

The centre piece is a small, flat version of Luna's head, warm grey, lightly stuffed so it gets a little shape without becoming heavy.

Rnd	Description	Sts
1	6 sc in a magic ring, warm grey	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5 to 6	24 sc, 2 rounds	24
7	(2 sc, dec) x 6 - stuff very lightly	18
8	dec x 6	9

Cut, leaving a long tail. Instead of round ears, the Luna medallion gets a miniature of her signature part: chain 4 + 1 turning chain, 3 rows of sc in warm grey, for each ear (make 2), and sew them onto the top, hanging gently downward as a miniature of Luna's long ears, and embroider a small face just like on the rattle and pacifier clip.

THE RUFFLED COLLAR (PINK)

Attach pink yarn around the edge where the head is narrowest, at the bottom. *1 sc in the next stitch, skip 1 stitch, 3 dc in the next stitch (a little fan), skip 1 stitch*, repeat all the way around the edge. Fasten off and weave in the end. The ruffled collar is crocheted directly onto the head and needs no extra attaching.

PART 2: THE LEAF AND THE FLOWER

THE LEAF (SAGE GREEN)

Chain 7. Starting in the 2nd ch from the hook: 1 sl st, 1 sc, 1 hdc, 2 dc in the last ch (the tip), turn and continue along the other side of the chain: 1 hdc, 1 sc, 1 sl st. Fasten off, leaving a long tail.

THE FLOWER (POWDER PINK)

Crochet 12 sc in a magic ring. Without joining the round, continue straight into the petals: *skip 1 st, in the next st: 1 sl st, 1 ch, 3 dc, 1 ch, 1 sl st*, repeat around until you have six petals. Finish with a slip stitch and cut, leaving a long tail. Sew a small wooden bead onto the middle of the flower if you like, as in the reference photo.

PART 3: THE WOODEN RING RATTLES

Two wooden rings with a small dangling crocheted ball inside each, attached partway along the chain on each side of the Luna medallion. These are what the child reaches for and rattles.

The balls: crochet two balls, the same pattern as on Luna's pacifier clip: 6 sc in a magic ring, inc x 6 (12), 12 sc for 2 rounds, dec x 6 (6), stuff lightly, fasten off leaving a long tail.

Hang each ball inside a wooden ring on a short, sewn loop, no more than 6 to 8 cm, never looser. Sew the ring itself securely close against the main chain on each side of Luna, with several rounds of whip stitching, not just threaded loosely onto the cord.

PART 4: THE CROCHETED BALLS

Crochet as many balls as you need to fill out the rest of the chain, for example alternating warm grey, cream and powder pink, with a small wooden spacer bead between each ball, as in the reference photo. Remember: the total length must never exceed 35 to 40 cm.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3 to 4	12 sc, 2 rounds	12
5	dec x 6	6

Stuff lightly, cut with a long tail on each ball. Diameter approx. 1.5 to 2 cm. The number of balls depends on how long you want the chain to be, always lay out the whole toy before attaching anything permanently.

ASSEMBLY, STEP BY STEP

Lay out the Luna medallion, the flower, the leaf, the two wooden ring rattles and all the balls in the order you want, before you attach anything permanently.

- 1 Cut a short, strong cotton cord or braid a cotton strap to the length you want (see the safety page for the maximum length).
- 2 Sew the Luna medallion onto the middle of the chain, with the ruffled collar already crocheted on.
- 3 Thread the balls onto the cord with a small wooden spacer bead between each one, evenly distributed on both sides of Luna.
- 4 Sew the flower and leaf on partway out on each side, close against the chain.
- 5 Attach the two wooden ring rattles with the balls further out on each side, securely with whip stitching.
- 6 Attach a wooden ball clip securely to each end of the chain, with plenty of tight stitches.
- 7 Measure the whole chain fully stretched out one last time, and check that no piece hangs looser than recommended.
- 8 Fasten every loose end securely on the inside of the pieces, and trim what is left.

SAFETY

WHY THE LENGTH MATTERS SO MUCH

A stroller toy attached at both ends to the pram forms a loop over the child. General safety principles for toys intended for children under 36 months (including in the European toy standard EN 71) state that cords and chains should be kept as short as practically possible, precisely to avoid such a loop ending up around the neck. LME therefore recommends a maximum of 35 to 40 cm between the two wooden ball clips, fully stretched out, and that each piece hangs short and close against the main chain, never on its own long threads. This is a cautious LME recommendation, not a quote from a specific clause number, so always check the finished product against current, updated local requirements before use or sale.

MORE IMPORTANT RULES

- Always use under adult supervision. Remove the stroller toy when the child is sleeping, or when no adult is nearby.
- Use only wooden ball clips bought specifically for prams/stroller toys, with an enclosed spring mechanism, BPA-free/CE-marked, never a generic binder or office clip. Attach the clips securely across the pram's bar, never hanging loosely down towards the child's face or neck.
- No parts are glued. Everything is sewn on with strong, twisted cotton thread and plenty of tight stitches.
- Use only wooden spacer beads and wooden rings that are unpainted/CE-marked and intended for children's products.
- The balls in the wooden ring rattles must hang on a short, sewn loop, no more than 6 to 8 cm, never looser, and the rings must be sewn on, not just threaded loosely onto the cord.
- The ears on the medallion are soft and flat, with no stiff filling, but should be checked regularly to make sure the seams hold.
- Check the toy regularly for wear: loose threads, pieces or rings hanging loose, or weakened attachment points. Discard the toy immediately if anything is wrong.
- This pattern is a guide for home use. If the finished product is sold, it must always be checked, tested and marked as required under current local safety requirements and regulations for children's products/toys.

CARE AND WASHING

Hand wash in lukewarm water with a little mild soap. Rinse well. Gently press out the water in a towel, do not wring. Lay flat to dry, neatly shaped, away from direct sunlight.

CONGRATULATIONS, THE STROLLER TOY IS DONE!

Now you have crocheted a little Luna stroller toy. Remember to check the length one last time before attaching it to the pram!

THE REST OF THE LME BABY COLLECTION

- Ellie, the little fawn
- Pip, the little hedgehog
- Felix, the little fox
- Molly, the little lamb
- Luna, the little bunny
- Oliver, the little bear
- Ellie's pacifier clip
- Pip's pacifier clip
- Felix's pacifier clip
- Molly's pacifier clip
- Luna's pacifier clip
- Oliver's pacifier clip
- Pip's rattle
- Felix's rattle
- Molly's rattle
- Luna's rattle
- Oliver's rattle
- Ellie's rattle
- Pip's stroller toy
- Felix's stroller toy
- Molly's stroller toy
- Oliver's stroller toy
- Ellie's stroller toy
- Ellie's ballerina shoes
- Ellie's activity toy
