LME CROCHET PATTERN - AMIGURUMI

FELIX

LME BABY COLLECTION - WOODLAND DREAMS

Felix is a small, calm fox with pointed ears, a flat muzzle patch and a big, bushy two-tone tail, in the very same look as Ellie and Pip. No bow here, only a sage green ruffled collar. Crocheted in the same warm natural colours as the rest of the collection. A fully original LME design, finished size approx. 20 to 22 cm sitting. Medium difficulty.

By Renate Dahl

Little Montessori Explorers

lmexplorers.com

TIP: Read through the whole pattern once before you start, especially the page about the tail, which is crocheted big and plump, not flat.

ABOUT FELIX

PART OF ELLIE'S WORLD

Felix is the third figure in the LME Baby Collection "Woodland Dreams", one of Ellie's good friends in the forest. Where Pip is the calm type who noses his way to the softest moss, Felix is the curious explorer who always knows where the stream goes and which rock is best to sit on. More woodland friends are on their way into the collection over time.

STYLE

The same premium amigurumi look as Ellie and Pip: big shapes, soft transitions, calm colour changes and a friendly, rounded gaze. Felix does NOT look sly or sharp-featured, is NOT realistic, and the tail is crocheted big and soft, not stiff, so he is safe and nice to cuddle.

MONTESSORI-INSPIRED

Big, simple shapes and calm blocks of colour make Felix nice to feel and easy for little ones to recognise, exactly the kind of concrete, sensory play the Montessori philosophy is built on.

SIZE AND MATERIALS

FINISHED SIZE

Approx. 20 to 22 cm tall, sitting.

YARN

Bystrikk Merino gives a soft, firm amigurumi surface, well suited to the bushy tail.

Colour	For	Amount
Bystrikk Merino, rust orange (main colour)	the head, the outside of the ears, the body, the arms, the legs, most of the tail	approx. 2 skeins
Bystrikk Merino, cream	the muzzle patch, the inside of the ears, the belly patch, the paws, the tail tip	approx. 1 skein
Bystrikk Merino, sage green	the ruffled collar	small amount
Leftover, dark brown	the nose and the lower parts of the arms/legs	small amount
Leftover, powder pink	the cheeks	small amount
Black embroidery thread	eyebrows, mouth and lashes	small amount

Alternative yarn: DROPS Cotton Merino, or any soft cotton/acrylic-blend DK/aran-weight yarn (e.g. Hobbii Amigo, Rico Ricorumi, Paintbox Simply DK), as long as you crochet tightly enough that the stuffing does not show.

HOOK AND TOOLS

- Heklenål 4 mm · eller 3,5 mm hvis du hekler løst
- Polyesterfiber til fyll · ren, vaskbar leketøyfyll, ekstra mye til den buskete halen
- To 16 mm sikkerhetsøyne (versjon A), eller svart broderigarn (versjon B) · se side om ansiktet
- Stoppenål med butt spiss · til all somming
- Maskemarkør · en, eller en løkke garn i annen farge
- Nål og tvinnnet bomullstråd · til å sy på ører, snuteflekk og krage
- Målebånd og saks

GAUGE AND GLOSSARY

GAUGE

Approx. 16 sc x 18 rounds = 10 x 10 cm, crocheted TIGHTLY (amigurumi tension) on a 4 mm hook. If you crochet looser than this, the stuffing shows through the stitches and Felix turns out soft and floppy instead of neat and firm.

GLOSSARY AND ABBREVIATIONS

Short	Means
lm	chain stitch
fm	single crochet (UK: double crochet)
halvstav	half double crochet
stav	double crochet
kjm	slip stitch
magisk ring	an adjustable starting ring that closes with no hole in the middle
økn	increase: 2 sc in the same stitch. Adds one stitch.
mink	decrease: insert the hook through two stitches at once and crochet them together as one sc. Removes one stitch.
m	stitch(es)
omg / rad	round (worked in a spiral) / row (worked back and forth)
()	the number in brackets at the end is the total stitch count for that round/row
...	repeat what is between the stars as many times as stated afterwards

The head, body, arms, legs and tail are crocheted in a spiral of single crochet, without joining the rounds. The collar is crocheted back and forth in rows. Place a stitch marker in the first stitch of each spiral piece.

TIPS AND HOW FELIX IS BUILT

TIPS BEFORE YOU START

- Crochet the tail first, it takes the longest and uses the most stuffing, so you will know early whether you have enough yarn left for the rest.
- Lay all the pieces out next to each other before sewing anything on, so you can see that Felix turns out symmetrical.
- Stuff a little at a time as you go, rather than all at once at the end, it gives a more even, neater shape, especially in the tail.

HOW FELIX IS BUILT

Felix is crocheted in eight pieces, which are all sewn together at the very end. No pieces are glued, and everything is sewn securely so that nothing comes loose. Get to know the pieces before you begin:

1. The head

big and round, rust orange

3. The ears (x2)

pointed, with a light inside

5. The arms (x2)

orange with dark paw tips

7. The tail

big and bushy, orange with a cream tip

2. The muzzle patch

small, flat, cream

4. The body

round, rust orange with a cream belly patch

6. The legs (x2)

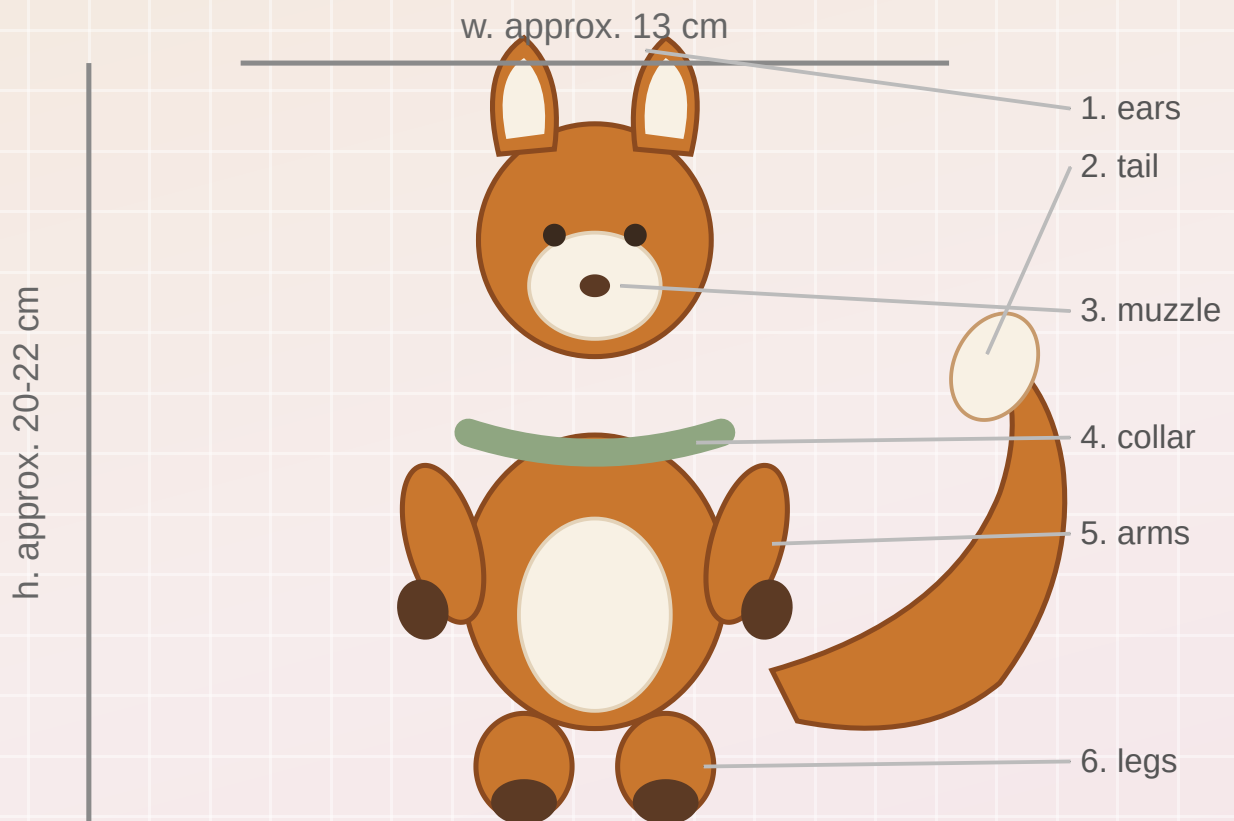

orange with dark paw tips and cream paw pads

8. The collar

a sage green ruffled collar, no bow

BODY PROPORTIONS

Use this sketch as a guide while you crochet, especially to see how big the tail should be compared to the rest of the body.

Size sketch: Felix sitting, approx. 20 to 22 cm tall and approx. 13 cm wide across the arms.

PART 1: THE HEAD

The head is crocheted in a spiral, from the top down, entirely in rust orange. It starts narrow, increases out to its widest point in the middle, stays even for a while, then decreases back down towards the neck.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5	(3 sc, inc) x 6	30
6	(4 sc, inc) x 6	36
7	(5 sc, inc) x 6	42
8	(6 sc, inc) x 6	48
9 to 16	48 sc, 8 rounds with no increases	48
17	(6 sc, dec) x 6	42
18	(5 sc, dec) x 6	36
19	(4 sc, dec) x 6 - start stuffing firmly and evenly from here	30
20	(3 sc, dec) x 6	24
21	(2 sc, dec) x 6	18
22	(1 sc, dec) x 6 - stuff the last bit	12
23	dec x 6	6

Do not cut the yarn. Gently gather it through the last 6 stitches and use that same yarn tail to attach the head to the body later. The head should now be firm and round, approx. 9 cm in diameter.

PART 2: THE MUZZLE PATCH

Unlike Pip's pointed, projecting snout, Felix's muzzle patch is a small, flat piece sewn onto the lower part of the face, just like Ellie's face patch. Crocheted in cream.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24

Cut, leaving a tail of approx. 20 cm. Do not stuff, the muzzle patch should be flat. Sew it on at the bottom centre of the head, flat against the face, not projecting forward, see the face page for exact placement.

PART 3: THE EARS (MAKE 2)

Each ear is crocheted in two layers, just like on Pip: a slightly bigger piece in rust orange (the outside) and a slightly smaller one in cream (the inside), which are sewn together. Instead of leaving them round and flat, Felix's ears are folded in half and sewn along one side, so they become pointed and triangular. Crochet two of each.

THE OUTSIDE (RUST ORANGE) - MAKE 2

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24

THE INSIDE (CREAM) - MAKE 2

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3	(1 sc, inc) x 6	18

Cut both pieces, leaving a tail of approx. 20 cm. Do not stuff the ears, they should be flat. Place the cream circle in the middle of the rust orange one and sew it on with running stitch, leaving an even orange rim showing. Then fold each ear in half from side to side, so the cream inside shows as a triangle at the front, and sew along the bottom edge to lock in the pointed shape.

Sew the ears on high up on the head, one on each side, with the point angled slightly outward, see the face page for exact placement.

THE FACE

The face is what brings Felix to life. Take your time here, and try pinning things in place with safety pins before you sew or fasten anything.

EYES, TWO VERSIONS

Version A: safety eyes (age 3+)

Use 16 mm safety eyes. Insert them approx. 2 cm apart, a little above where the muzzle patch will sit. Push the backing washer firmly into place **BEFORE** you finish stuffing the head, so the eye cannot be pulled back out from the inside.

Version B: embroidered eyes (baby-friendly, 0+)

For the very youngest: embroider the eyes instead, with black embroidery thread. Sew a small, dense oval or circle (satin stitch) at each eye point, leaving a tiny unstitched highlight near the top for a lively look. Fasten the threads extra securely inside the head.

NOSE, MOUTH, LASHES AND CHEEKS

- **Nose:** Embroider a small dark brown triangular nose in the middle of the muzzle patch, in dense satin stitch.
- **Mouth:** From the base of the nose, embroider a small smile downward and out to each side in backstitch, using black thread.
- **Lashes:** Embroider one short, curved stroke with black thread above the outer corner of each eye, for the alert, curious look.
- **Cheeks:** Crochet two small flat circles in powder pink (6 sc in a magic ring, fasten off), and sew them lightly onto the cheeks below each eye, slightly out towards the side of the muzzle patch.

dashed = muzzle patch and eye placement

This is roughly how the finished face can look: pointed ears, a flat muzzle patch with dashed placement, safety eyes, embroidered nose and mouth.

PART 4: THE BODY

The body is crocheted in rust orange, just big enough for Felix to sit steadily. A separate, flat cream belly patch is crocheted on its own and sewn onto the front at the end, instead of being worked in as a colour change along the way.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5	(3 sc, inc) x 6	30
6	(4 sc, inc) x 6	36
7	(5 sc, inc) x 6	42
8 to 16	42 sc, 9 rounds with no increases	42
17	(5 sc, dec) x 6	36
18	36 sc	36
19	(4 sc, dec) x 6 - stuff the body evenly and firmly now	30
20	(3 sc, dec) x 6	24
21	(2 sc, dec) x 6	18

Do not cut the yarn. Check that the body is filled evenly and firmly, especially at the bottom, so Felix sits steadily, then use that same yarn tail to attach the head on top of the body later.

THE BELLY PATCH, CREAM

Crochet 6 sc in a magic ring, inc x 6 (12), (1 sc, inc) x 6 (18), (2 sc, inc) x 6 (24). Cut the yarn, leaving a tail of approx. 20 cm. Do not stuff, it should be flat. Sew it onto the middle of the belly, from just below the collar and downward.

PART 5: THE ARMS (MAKE 2)

The arms start in dark brown at the bottom, like a little paw tip, then switch to rust orange for the rest of the arm up towards the shoulder.

Rnd	Description	Sts
1	6 sc in a magic ring, dark brown	6
2	inc x 6	12
3 to 4	12 sc, 2 rounds	12
5	switch to rust orange, 12 sc	12
6 to 11	12 sc, 6 rounds	12

Cut the yarn, leaving a tail of approx. 20 cm. Stuff lightly and loosely, the arms should be soft and a little floppy, not stiff.

PART 6: THE LEGS AND PAWS (MAKE 2)

Same principle as the arms: dark brown at the bottom, rust orange the rest of the way up. Each foot also gets a little sewn-on paw pad in cream with sage green details.

Rnd	Description	Sts
1	6 sc in a magic ring, dark brown	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4 to 5	18 sc, 2 rounds	18
6	switch to rust orange, 18 sc	18
7 to 14	18 sc, 8 rounds	18

Cut the yarn, leaving a tail of approx. 20 cm. Stuff firmly, especially at the bottom, so the legs can support the body when Felix is sitting.

THE PAW PADS, SEWN ON

Crochet a small flat circle in cream (6 sc in a magic ring, fasten off) for each foot, and sew it onto the front bottom of the foot, over the dark brown tip. Embroider 4 to 5 small, oval stitches in sage green on top of the pad, like four little toes.

PART 7: THE TAIL

This is Felix's signature part: a big, bushy tail in rust orange that fades into cream towards the tip. Unlike Pip's flat spike panel, the tail is crocheted as a firm, stuffed shape, not a flat panel, so it holds its form and can be squeezed.

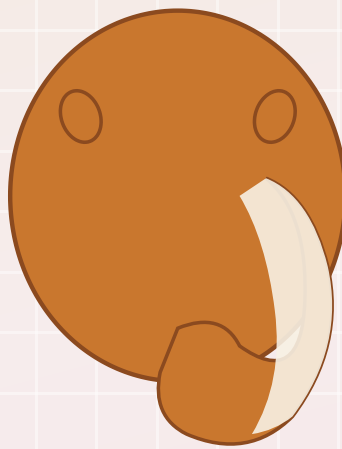

Rnd	Description	Sts
1	6 sc in a magic ring, rust orange	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5	(3 sc, inc) x 6	30
6 to 14	30 sc, 9 rounds - stuff a little at a time as you go	30
15	switch to cream, (3 sc, dec) x 6	24
16	24 sc	24
17	(2 sc, dec) x 6	18
18	18 sc	18
19	(1 sc, dec) x 6 - stuff firmly	12
20	dec x 6	6

Cut, leaving a tail of approx. 25 cm. Stuff firmly and evenly all the way through, the tail should be firm and plump, just like a real fox tail, with a clear cream tip.

Sew the tail onto the base of the back, angled slightly upward, right above where the legs sit. Sew all the way around the attachment point with tight stitches, so it can withstand a small child pulling on it.

THE BODY AND TAIL, SEEN FROM BEHIND

This sketch shows where the tail should be attached when you look at Felix from behind: at the base of the back, angled upward and slightly to the side, never straight out from the centre.

the body and tail, seen from behind

PART 8: THE COLLAR

The sage green ruffled collar is shared by the whole woodland friends family, the same model every time. It is crocheted directly around the neck, where the head will meet the body. Felix gets no bow on top, just the collar itself.

Before sewing the head onto the body: attach sage green yarn at the top edge of the body, where the neck will be (18 sts). *1 sc in the next stitch, skip 1 stitch, 4 dc in the next stitch (a little fan), skip 1 stitch*, repeat all the way around the edge (6 fans in total). Fasten off and weave in the end.

The collar should sit as a little ruffled edge around the neck, with the head sewn on top, centred over the collar, just like on Ellie and Pip.

THE COLLAR AND TAIL, SEEN FROM THE SIDE

This sketch shows Felix from the side: how the tail curves upward from the back, and how the collar sits right under the chin, far to the front, well ahead of where the tail starts.

the collar and tail, seen from the side

ASSEMBLY

Now all the pieces become Felix. Use safety pins to test the placement first, then sew everything firmly at the end. Everything is sewn on with tight running stitch or backstitch and strong, twisted thread, nothing is glued.

- 1 Sew the legs onto the bottom of the body, approx. 1 to 2 cm apart, so Felix sits steadily, and sew on the paw pads.
- 2 Sew the arms onto each side of the body, a little below where the neck will be.
- 3 Sew the belly patch onto the middle of the belly, from just below where the collar will be and downward.
- 4 Crochet the ruffled collar around the top edge of the body, where the neck will be.
- 5 Sew the muzzle patch onto the bottom centre of the head, flat against the face, before adding the eyes, nose, mouth, lashes and cheeks (see the face page).
- 6 Sew the head onto the body, centred over the collar. Check that the head faces forward before you sew it on completely.
- 7 Sew the ears onto the head, high up, one on each side, with the points angled slightly outward.
- 8 Sew the tail onto the base of the back, angled upward (see the page about the placement of the tail).
- 9 Fasten every loose end securely on the inside of the pieces, and trim what is left.

PHOTO GUIDE

Add your own photos of each step here once you have crocheted Felix yourself.

Finished Felix

FINISHING, SAFETY AND CARE

FINISHING TOUCHES

- Fasten every loose end securely on the inside of the pieces: weave it back and forth through a few stitches with the yarn needle, then trim what is left.
- Check over every seam, especially where the tail attaches to the body, that is the spot that gets the most tugging during play. If any stitches are loose or there are gaps, sew over them with a few extra stitches.
- Check that the muzzle patch, the ears and the paw pads sit completely flat and securely, with no loose edges a small child could pick at.

SAFETY

- No parts are glued, everything is sewn securely with strong thread. Double-check the seams on the eyes, nose, ears, muzzle patch, arms, legs and especially the tail, since it is the heaviest and most exposed part.
- If you use safety eyes (version A), Felix is intended for children aged 3 and up, since small parts can loosen over time with heavy use. For the very youngest, use version B with embroidered eyes instead.
- The tail is stuffed firmly and can handle squeezing, but should be checked regularly to make sure the attachment point to the body is still completely secure.
- Always check old seams and re-sew them if you see signs of wear. Retire Felix if stuffing starts to come out, or if a piece comes loose and cannot be sewn safely back on.

WASHING AND CARE

Hand wash in lukewarm water with a little mild soap, or machine wash at 30 degrees in a wash bag. Gently press out the water in a towel, do not wring. Reshape Felix neatly and lay him flat to dry, gently squeezing the tail back into shape while it is still damp, so it keeps its bushy form.

CONGRATULATIONS, FELIX IS DONE!

Now you have crocheted your very own Felix, the little fox. Feel free to show him off in #lmebabycollection, I love seeing what you make!

THE REST OF THE LME BABY COLLECTION

Felix is the third figure in "Woodland Dreams", in the same look, yarn choice and colour palette as Ellie and Pip. More woodland friends are on their way over time.

- Ellie, the little fawn
- Pip, the little hedgehog
- Ellie's pacifier clip
- Ellie's rattle
- Ellie's stroller toy
- Ellie's ballerina shoes
- Ellie's activity toy
