

LME KNITTING PATTERN

🇳🇴 NORGE RUNE HAT 🇳🇴

RUNE-STYLE LETTERS EMBROIDERED ON · STRIPED BRIM

A red bucket hat knitted in cotton. You knit the whole hat in red, with a striped brim in red, white and blue at the bottom, just like the crocheted rune hat. Then you embroider "NORGE" on with chain stitch, in readable rune-style letters, one continuous line around the front, and a little Norwegian flag on the top. If you would rather have "NORWAY", the template is in the same pattern. Adult sizes XS to XXL.

TIPS: Read the whole pattern once before you cast on. Always knit a gauge swatch first, see page 3.

BEFORE YOU START

The bucket hat is knitted in the round on a circular needle or double-pointed needles, from the bottom up, in red. You cast on twice as many stitches as you need, knit a striped brim, and knit 2 stitches together all the way round on the last brim round, this is what creates the flared edge. Then you knit the main body straight up, decrease the crown, and right at the end embroider "NORGE" or "NORWAY" on with chain stitch, plus a little flag on the top.

WHAT YOU LEARN

- To knit a hat in the round on a circular needle or double-pointed needles
- To knit a striped, flared brim with a decrease round
- To embroider rune-style letters with chain stitch, following a font template
- To decrease a rounded crown evenly down to a few stitches

HOW HARD IS IT?

Beginner plus. You should be able to cast on, knit stockinette in the round, knit two stitches together and change colour. The hat itself is knitted in just red (plus the brim stripes), the letters come on afterwards with a needle and thread, and every step is spelled out in this pattern.

Unsure about the size? A bucket hat looks good sitting a little loose, feel free to choose the largest.

SIZES AND WHAT YOU NEED

WHICH SIZE?

Measure around the head with a tape measure, right above the ears and eyebrows. Choose the size that fits the head measurement. The hat should be 3 to 4 cm smaller than the head, since knitting stretches.

	XS	S	M	L	XL	XXL
Fits head size	52–54 cm	54–56 cm	56–58 cm	58–61 cm	61–63 cm	63–66 cm
Cast on	170 m	176 m	184 m	190 m	198 m	208 m
After the wave round	85 m	88 m	92 m	95 m	99 m	104 m

YARN AND COLOURS

A smooth cotton yarn (aran weight) that gives 17 stitches x 22 rounds in stockinette = 10 x 10 cm on 5 mm needles.

Colour

Use

● Red	main colour, whole hat
○ White	stripes in the brim
● Navy	stripes in the brim, the flag

NEEDLES AND KIT

- 5 mm circular needle, 40 cm, or 5 mm double-pointed needles/magic loop set
- **Tapestry needle with a blunt tip** for the embroidery
- Stitch marker, scissors and tape measure

GAUGE AND GLOSSARY

KNIT A SWATCH FIRST

Cast on 30 stitches in red. Knit stockinette in the round (or back and forth with an edge) until the swatch is at least 12 x 12 cm. Then measure across the middle.

- More than 17 stitches over 10 cm: try a thicker needle.
- Fewer than 17 stitches over 10 cm: try a thinner needle.
- Exactly 17 stitches: use 5 mm needles and get going.

GLOSSARY

Term	Means
st	stitch
round	one whole lap around
k	knit
k2tog	knit 2 stitches together, decreases one stitch
HF	main colour (red)
chain stitch	embroidery technique that makes a chain of loops along a line

PART 1: CAST ON AND KNIT THE BRIM

- 1 Cast on the number for your size from the table on page 3, in red, on a 5 mm circular needle.
- 2 Check that the cast-on edge is not twisted. Join in the round and place a stitch marker at the start of the round (centre back).
- 3 Knit plain in the round in stripes: 4 rounds red, 3 rounds white, 3 rounds navy, 3 rounds white. Let the old colour rest loosely on the wrong side when you change, do not cut it.
- 4 On the very last brim round (red): knit 2 stitches together all the way round. This halves the stitch count exactly, from your cast-on number to the "After the wave round" number on page 3, and creates the flared edge.

THE FLARED EDGE

The decrease round is what gives the brim its characteristic flared, wavy edge, it is normal for the edge to curl in a little until the hat has been worn a few times.

PART 2: THE MAIN BODY AND CROWN

	XS	S	M	L	XL	XXL
Main body, from wave round	9 cm	9.5 cm	10 cm	10.5 cm	11 cm	11.5 cm

- 1 After the decrease round, knit stockinette in the round in red, with no pattern, until the main body measures the value for your size in the table above, from the wave round. Do not worry about the letters yet, they come on at the end.
- 2 Knit one setup round: decrease 7 stitches evenly spaced around the whole round.
- 3 Divide the remaining stitches into 7 equal sections with stitch markers. Knit to 2 stitches before each marker, knit these 2 together. Repeat at all 7 markers.
- 4 Knit 1 plain round with no decreases between each of the first 3 to 4 decrease rounds, then continue decreasing every round until 7 stitches remain.
- 5 Cut the yarn leaving a generous tail, thread it through the remaining stitches with a tapestry needle, pull tight and fasten off securely on the inside.

Switch to double-pointed needles or magic loop when it gets too tight for the circular needle, both in the brim and towards the crown.

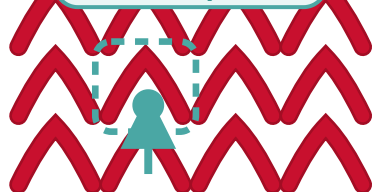

PART 3: HOW TO EMBROIDER THE LETTERS

The hat is now fully knitted, all red with a striped brim. You add the letters with chain stitch: a chain of loops that follows the line on the font template on the next page, and sits on top of the knitting as a clear, raised line.

HOW TO WORK CHAIN STITCH

1

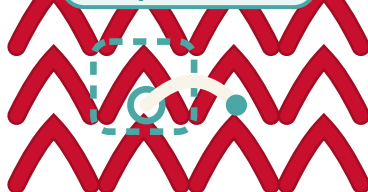

needle up here

Bring the needle up through the knitting, where the letter is to begin, along the line on the template.

2

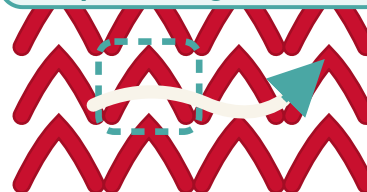

loop and hold

Lay a loop of yarn in front of the needle, hold it loosely with your thumb, and take the needle back down a small step further along the line.

3

repeat along the line

Come back up inside the loop and pull snug, just tight enough. Repeat link after link along the whole letter, this is called chain stitch.

GOOD TIPS

- Do not pull the yarn tight. The loops should sit loose and relaxed on top of the knitting, not tight.
- Trace the letters lightly with a water-soluble marker following the template first, so you hit the shape.
- Leave a 5 cm tail hanging on the inside at the start and end, weave in the ends when you are done.

A link come out wrong? Just pull it gently back out and try again.

THE LETTERS: NORGE AND NORWAY

Here are the letters in rune style, both NORGE and NORWAY. Embroider them on in one continuous line, centred at the front, directly opposite the stitch marker (which sits at centre back). Each letter is about 5 to 6 cm tall. The bottom of the letters sits about 3 to 4 cm above the striped brim.

NORGE

NORGE

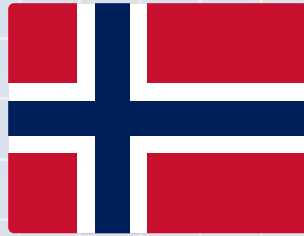

NORWAY

NORWAY

- **Centre front:** The word is centred at the front. All the letters are on the **same line**, never split into two rows.
- **Spacing:** keep an even gap between the letters, about one letter width. The word wraps a little towards the sides, and it is meant to.

THE FLAG ON THE TOP

On the top of the hat you embroider a small Norwegian flag: a white cross with a blue cross inside, on the red background. The cross sits in the middle of the top and divides it into four.

HOW TO DO IT

- Find the middle of the top where the stitches were pulled together. Imagine a cross dividing the top into four.
- Embroider the **white cross** first with chain stitch: one arm forward, one back and one to each side. Make the white lines a little wide.
- Then embroider the **blue cross** on top of the middle of the white, a little narrower, so the white shows around the blue.
- Fasten all ends well on the inside.

FINISHED AND CARE

CHECKLIST

- The hat is all red, with a striped brim in red, white and blue
- NORGE (or NORWAY) is in rune style on one line at the centre front
- A little Norwegian flag is embroidered on the top
- All ends are woven in on the inside

CARE

Wash following the yarn's recommendation, often 30°C on a gentle cycle in a wash bag, or by hand. Do not tumble dry. Shape the hat over a bowl or glass of the right size and let it dry flat or on the form.

Congratulations! You have knitted a NORGE rune hat, ready for the 17th of May and everything we celebrate for Norway.
