LME CROCHET PATTERN - BABY

ELLIE'S ACTIVITY TOY

LME BABY COLLECTION - WOODLAND DREAMS

A big, soft activity ring, approx. 16 to 18 cm in diameter, full of things to explore: a baby-safe mirror, a little deer, a leaf, a flower, a cloud, a star, a moon, a rainbow and soft balls. Rich in texture, with bobble stitch, ribbing and popcorn stitch to feel.

IMPORTANT: This toy has many small parts. Read the whole safety page carefully before you start, and sew absolutely everything on with tight, double stitching.

ABOUT ELLIE'S ACTIVITY TOY

PART OF ELLIE'S WORLD

Ellie's activity toy belongs to the LME Baby Collection "Woodland Dreams". The ring gathers Ellie's whole world in one place: the sky with its moon, stars and rainbow, the flower meadow with a leaf and a flower, and Ellie herself, right in the middle of it all.

STYLE AND SENSES

Scandinavian and Montessori-inspired, in the same natural colours as the rest of the collection. Different textures, such as bobble stitch, ribbing and popcorn stitch, give small fingers plenty to explore and feel.

MOST IMPORTANT OF ALL: SAFETY

This toy has more small parts than any other pattern in the collection, and also includes a small mirror. Everything must be sewn on with double strength, and page 17 is entirely dedicated to safety. Read that page carefully before you begin.

MATERIALS AND YARN ALTERNATIVES

YARN

Bystrikk Merino (brown and cream), plus leftover powder pink, sage green and yellow, the same yarn family as the rest of the Ellie collection.

Alternative yarn: any soft cotton-blend DK-weight yarn works well, for example DROPS Safran or Hobbii Amigo.

TOOLS AND SUPPLIES

- Aktivitetsring i tre eller plast, 16 til 18 cm i diameter · umalt/BPA-fri, CE-merket, beregnet for barn
- Heklenål 3 eller 3,5 mm
- Litt polyesterfiber til fyll · kun til Ellie-motivet
- Babysikkert speil (akryl/plast, ikke glass) · liten, rund speilplate beregnet for babyprodukter, se side om speilet
- Stoppenål med butt spiss og tvinnet bomullstråd · til all somming
- Valgfritt: knitrefolie beregnet for babyprodukter · til skyen
- Valgfritt: en liten bjelle · må sys inn i en helt lukket lomme, se side om sikkerhet
- Valgfritt: korte tøybånd med ulik struktur · satengbånd, ripsbånd, cordfløyel, med sydde/lukkede kanter
- Saks og målebånd

DIFFICULTY, SIZE AND GAUGE

DIFFICULTY

Medium to challenging, since there are many small parts and a few new techniques. A good pattern once you have crocheted at least one of the other Ellie patterns first.

FINISHED DIAMETER

The ring is approx. 16 to 18 cm in diameter, depending on the ring you choose.

GAUGE

Crochet tightly, amigurumi tension: approx. 20 sc x 22 rounds = 10 x 10 cm on a 3 mm hook.

ABBREVIATIONS (NORWEGIAN AND US)

This pattern uses more techniques than any other in the collection. Here are all the abbreviations, with the common US crochet terms alongside.

Norwegian	US	Means
lm	ch	luftmaske / chain
fm	sc	fastmaske / single crochet
halvstav	hdc	halv stav / half double crochet
stav	dc	stav / double crochet
kjm	sl st	kjedemaske / slip stitch
økn	inc	økning: 2 fm i samme maske
mink	dec	minking: 2 fm sammen
fm-BL	sc-BLO	fastmaske i bakre løkke, gir ribbet tekstur
boble	bobble	4 ufullførte stav i samme maske, trukket sammen til én topp (se side 13)
popcorn	popcorn	5 hele stav i samme maske, trukket sammen til en liten kule (se side 13)
m	st(s)	maske(r)
...	*...*	gjenta det mellom stjernene så mange ganger som står bak

TIPS BEFORE YOU START

- Crochet all the small motifs first, and lay them out around the ring to plan the placement before sewing anything on.
- Practise bobble stitch and popcorn stitch on a small swatch before working them into the ring cover.
- Spread the colours and textures evenly around the ring, so it is interesting to explore no matter where the child grips.

HOW THE ACTIVITY TOY IS BUILT

The ring is first covered with a crocheted cover with built-in texture, and then nine motifs are attached all around the ring:

1. The ring cover

with bobble, rib and popcorn sections

3. The mirror

baby-safe

5. The cloud and star

recognisable from Ellie's stroller toy

7. The rainbow

new, four colours

9. Optional extras

crinkle sound, bell, fabric ribbons

2. Ellie

the little deer, the centrepiece

4. The leaf and flower

recognisable from Ellie's stroller toy

6. The moon

new, curved shape

8. The balls

recognisable from Ellie's pacifier clip

PART 1: THE RING COVER

Cover the ring itself by crocheting single crochet stitches directly around it, tightly and evenly, until the whole ring is covered and none of the underlying ring shows through. Feel free to change colour and add texture sections along the way, as described on page 13.

Attach the yarn to the ring with a loop, and crochet sc directly around the ring material itself (not in the air) all the way around. The stitch count depends on the thickness of the ring and your gauge, count by feel rather than a fixed number: continue until the ring is completely covered with no gaps. Fasten off and weave in the end securely at the end.

PART 2: ELLIE

A little deer head, the same technique as on the rattle and the stroller toy's medallion, is attached as the centrepiece on the ring.

Rnd	Description	Sts
1	6 sc in a magic ring, brown	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5 to 6	24 sc, 2 rounds	24
7	(2 sc, dec) x 6 - stuff very lightly	18
8	dec x 6	9

Cut, leaving a long tail. Sew on two small ears (5 sc in a magic ring, fasten off, make 2) on top, and embroider a small face. Sew Ellie securely onto the middle of the ring cover.

PART 3: THE MIRROR (BABY-SAFE)

The mirror is the only hard part in this toy, and requires extra care.

Crochet two matching circles in cream, a little bigger than the mirror disc itself: 6 sc in a magic ring, inc x 6 (12), (1 sc, inc) x 6 (18), (2 sc, inc) x 6 (24). Place the mirror disc between the two circles, and sew them together around the entire edge with very tight stitches, so the mirror is fully enclosed and cannot be removed or slide out of the pocket.

Use only a flexible, unbreakable baby-safe mirror intended for children's products, never real glass. Check that the mirror disc has no sharp edges before you insert it.

PART 4: THE LEAF, FLOWER, CLOUD AND STAR

These four motifs are the same as on Ellie's stroller toy, so the child recognises them from the rest of the collection.

THE LEAF (SAGE GREEN)

Chain 7. Starting in the 2nd ch from the hook: 1 sl st, 1 sc, 1 hdc, 2 dc in the last ch (the tip), turn and continue along the other side: 1 hdc, 1 sc, 1 sl st. Fasten off, leaving a long tail.

THE FLOWER (POWDER PINK)

Crochet 12 sc in a magic ring. Continue straight into the petals: *skip 1 st, in the next st: 1 sl st, 1 ch, 3 dc, 1 ch, 1 sl st*, repeat until you have six petals. Fasten off and cut.

THE CLOUD (CREAM)

Crochet three flat circles in different sizes: (a) 6 sc in a magic ring. (b) 6 sc in a magic ring, inc x 6 (12). (c) 6 sc in a magic ring, inc x 6 (12), (1 sc, inc) x 6 (18). Overlap the three circles and sew them together into a small cloud shape.

THE STAR (CREAM)

Crochet 5 sc in a magic ring. Continue straight into the points: *1 sc, 3 ch, sl st in the same stitch*, repeat until all 5 stitches have a point. Fasten off, leaving a long tail.

PART 5: THE MOON AND THE RAINBOW

THE MOON (CREAM, TWO MATCHING PIECES)

Chain 11 + 1 turning chain. Row 1: 10 sc. Row 2: dec 1 at each end (8 sc). Row 3: 8 sc straight. Row 4: dec 1 at each end (6 sc). Row 5: 6 sc straight. Fasten off. Crochet two matching pieces, place them together, sew around leaving a small opening, stuff very lightly, and sew closed. Gently curve the oblong shape into a soft crescent before sewing it onto the ring.

THE RAINBOW (FOUR COLOURS)

Crochet four arcs in decreasing size, one in each colour (powder pink, cream, sage green, light brown). Arc 1 (outermost): chain 12, sc in the 2nd ch from the hook and along the rest, 3 sc in the last ch, fasten off (do not continue back the other way). Arc 2: chain 10, same method. Arc 3: chain 8, same method. Arc 4 (innermost): chain 6, same method. Sew the four arcs on top of each other, largest at the back and smallest at the front, with a straight bottom edge, like a rainbow.

PART 6: THE BALLS

The same balls as on Ellie's pacifier clip, crochet as many as you want to spread around the ring, for example alternating brown and cream.

Rnd	Description	Sts
1	6 sc in a magic ring	6
2	inc x 6	12
3 to 4	12 sc, 2 rounds	12
5	dec x 6	6

Stuff lightly, cut with a long tail on each ball, and sew them onto the ring with plenty of space between them.

PART 7: SENSORY TECHNIQUES

Feel free to work one or more of these texture sections into the ring cover itself, for example as a wide band somewhere around the ring.

BOBBLE STITCH

Work 4 incomplete double crochets in the same stitch (yarn over, pull up a loop, leaving the last loop of each dc on the hook), then pull the yarn through all 5 loops on the hook at once. This makes a small, soft bump that stands out from the surface.

RIBBING

Crochet single crochet in the back loop only (sc-BLO) instead of both loops, over a whole round or row. This gives a clear, ribbed texture that is nice to run little fingers over.

POPCORN STITCH

Work 5 whole double crochets in the same stitch. Remove the hook from the last loop, insert it into the top of the first of the five stitches and through the loop you just removed, pull through. This makes a distinct, round bump that sits firmer and stands out further than a bobble.

PART 8: OPTIONAL EXTRAS

CRINKLE SOUND

Sew a small sheet of crinkle material intended for baby products into its own, fully enclosed pocket, for example inside the cloud, just like the rattle capsule in Ellie's rattle. Never loose in the regular stuffing.

BELL

A small bell can be sewn into its own small, fully enclosed pocket (the same method as the mirror), never loose in the stuffing and never on the outside of a piece.

RIBBONS WITH DIFFERENT TEXTURES

Short pieces of ribbon in different textures (for example satin, grosgrain or corduroy) can be sewn onto the ring for even more to explore. Fold the ends in and sew them securely with tight stitches, so no threads can fray or come loose.

ASSEMBLY, STEP BY STEP

- 1 Cover the whole ring with the ring cover, spreading out any texture sections along the way.
- 2 Crochet Ellie, the mirror, the leaf, the flower, the cloud, the star, the moon, the rainbow and the balls.
- 3 Lay out all the motifs around the ring to plan the placement, with Ellie and the mirror as the most prominent points.
- 4 Sew each motif on securely with tight, double stitching. The mirror and any bell/crinkle insert must be fully enclosed with no opening.
- 5 Attach any fabric ribbons around the ring, with folded and securely sewn edges.
- 6 Fasten every loose end securely on the inside of the pieces, and trim what is left.
- 7 Gently tug on every single part to check that nothing comes loose, before the toy is used.

SAFETY, THE MOST IMPORTANT PAGE

MANY SMALL PARTS, ONE RULE: SEW EVERYTHING ON

This toy has more motifs than any other pattern in the Ellie collection. Every single one must be sewn on with strong, twisted cotton thread and plenty of tight stitches, going around at least twice. The mirror, any bell and any crinkle sheet must always be fully enclosed in a closed pocket, never loose in the regular stuffing.

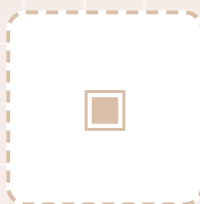

MORE IMPORTANT RULES

- Always use under adult supervision, especially the first few times, until you are confident every seam holds.
- No parts are glued. Everything is sewn on, nothing is attached with paperclips, safety pins or similar.
- Use only a baby-safe acrylic/plastic mirror, never real glass or a mirror intended for adults.
- Check the toy regularly, and especially before every use: gently tug on every motif. Discard or repair immediately if anything is loose.
- This pattern is a guide for home use. If the finished product is sold, it must always be checked, tested and marked as required under current local safety requirements and regulations for children's products/toys, which set strict requirements specifically for toys with many small, sewn-on parts.

CARE AND WASHING

Hand wash gently in lukewarm water with a little mild soap, since the ring has many sewn parts. Rinse well. Gently press out the water in a towel, do not wring. Lay flat to dry, and check every seam carefully before using the toy again.
