

Photo shows Oliver as a style reference, not the stroller toy itself.

LME CROCHET PATTERN - BABY

OLIVER'S STROLLER TOY

LME BABY COLLECTION - WOODLAND DREAMS

A little stroller toy with Oliver in the middle, surrounded by a cloud, sun, leaf, flower, star and butterfly, plus two wooden side rings with a small crocheted ball dangling inside each one. Attached with two clips or rings across the stroller's bar. Crocheted in the same calm colours as the rest of the collection, with a length kept deliberately short for safety.

By Renate Dahl

Little Montessori Explorers

lmexplorers.com

IMPORTANT: Read the safety page carefully before you start. Total length and how loosely the pieces hang are the most important numbers in this pattern.

ABOUT OLIVER'S STROLLER TOY

PART OF ELLIE'S WORLD

Oliver's stroller toy belongs to the LME Baby Collection "Woodland Dreams". Oliver hangs in the middle of the toy, surrounded by the things he loves from the forest floor and the sky above the forest: sun, cloud, stars, flowers, leaves and a little butterfly.

STYLE

Scandinavian and Montessori-inspired, in the same calm colours as the rest of the collection. Simple, flat motifs that are easy for a small child lying and looking up to recognise.

MOST IMPORTANT OF ALL: SAFETY

A stroller toy hangs over the child, often without an adult watching all the time. That's why this pattern's length is deliberately short, and all of page 14 is dedicated to safety. Read that page before you crochet on.

MATERIALS AND YARN ALTERNATIVES

YARN

Bystrikk Merino (warm light brown and light blue) and leftover powder pink and sage green, plus a little yellow for the sun, the same yarn family as the rest of Oliver's pattern.

Alternative yarn: any soft cotton-blend DK-weight yarn works well, for example DROPS Safran or Hobbii Amigo.

TOOLS AND SUPPLIES

- Heklenål 3 eller 3,5 mm
- Litt polyesterfiber til fyll · kun til Oliver-medaljongen
- Kort, sterk bomullssnor eller flettet bomullsbånd · til selve strengen mellom motivene
- To feste-punkter: treklips, plastklips eller treringer · BPA-frie/CE-merket, se side om sikkerhet for valg og lengde
- To små trerelaterte teetheringer · umalt/BPA-fri, CE-merket, beregnet for barn, til sideringene med kuler
- Stoppenål med butt spiss og tvinnet bomullstråd · til all somming
- Saks og målebånd

CHOOSING THE ATTACHMENT

- Wooden clips: two round or flat wooden clips with no metal spring, sewn securely onto each end of the toy.
- Plastic clips: BPA-free plastic clips intended for prams/toys, follow the manufacturer's own fitting instructions.
- Wooden rings: two wooden rings sewn onto each end, with a loop or strap on the stroller threaded through the rings.

DIFFICULTY, SIZE AND GAUGE

DIFFICULTY

Easy to medium. Lots of small, simple motifs that are nice to crochet in the evening.

RECOMMENDED MAX LENGTH

LME recommends a maximum of 35 to 40 cm between the two attachment points, fully stretched out, and that no single motif hangs loose more than approx. 6 to 8 cm from the main strand. See the safety page for the full explanation.

GAUGE

Crochet tightly, amigurumi tension: approx. 20 sc x 22 rounds = 10 x 10 cm on a 3 mm hook.

ABBREVIATIONS (NORWEGIAN AND US)

The motifs use single, double and half double crochet, just like Oliver's pacifier clip.

Norwegian	US	Means
lm	ch	luftmaske / chain
fm	sc	fastmaske / single crochet
halvstav	hdc	halv stav / half double crochet
stav	dc	stav / double crochet
kjm	sl st	kjedemaske / slip stitch
magisk ring	magic ring	justerbar startring uten hull i midten
økn	inc	økning: 2 fm i samme maske. Gir én maske mer.
mink	dec	minking: 2 fm sammen. Gir én maske mindre.
m	st(s)	maske(r)
...	*...*	gjenta det mellom stjernene så mange ganger som står bak

TIPS BEFORE YOU START

- Crochet all the motifs first, and lay them out in the order you want before assembling.
- Always measure everything fully stretched out, not relaxed, when checking the length.
- Attach the motifs close against the main strand, not on their own long threads.

HOW THE STROLLER TOY IS BUILT

Seven motifs are crocheted separately and attached close together along a short main strand, with Oliver in the middle, plus two side rings with balls:

1. The Oliver medallion

the centre motif, with round teddy bear ears

2. The cloud

cream

3. The sun

yellow, with rays

4. The leaf

sage green

5. The flower

powder pink

6. The star

cream

7. The butterfly

powder pink and light blue

8. The side rings

two wooden rings with a dangling ball in each

RECOMMENDED MAX LENGTH

LME recommends a maximum of 35 to 40 cm between the two attachment points, fully stretched out, and that no single motif hangs loose more than approx. 6 to 8 cm from the main strand. See the safety page for the full explanation.

PART 1: THE OLIVER MEDALLION

The centre motif is a small, flat version of Oliver's head, warm light brown, lightly stuffed so it gets a little shape without becoming heavy.

Rnd	Description	Sts
1	6 sc in a magic ring, warm light brown	6
2	inc x 6	12
3	(1 sc, inc) x 6	18
4	(2 sc, inc) x 6	24
5 to 6	24 sc, 2 rounds	24
7	(2 sc, dec) x 6 - stuff very lightly	18
8	dec x 6	9

Cut, leaving a long tail. Sew on two small round ears (6 sc in a magic ring, inc x 6 (12), fasten off, make 2) on top, the classic teddy bear shape in miniature, no bow, no extra decoration. Finally, embroider a small face just like on the rattle and pacifier clip.

PART 2: THE CLOUD AND THE SUN

THE CLOUD (CREAM)

Crochet three flat circles in different sizes: (a) 6 sc in a magic ring, fasten off. (b) 6 sc in a magic ring, inc x 6 (12), fasten off. (c) 6 sc in a magic ring, inc x 6 (12), (1 sc, inc) x 6 (18), fasten off. Overlap the three circles and sew them together into a small cloud shape.

THE SUN (YELLOW)

Crochet 6 sc in a magic ring, inc x 6 (12), (1 sc, inc) x 6 (18). Without joining the round, continue straight into the rays: *1 sc, 3 ch, sl st in the same stitch*, repeat around until all 18 stitches have a little ray. Fasten off and cut.

PART 3: THE LEAF AND THE FLOWER

THE LEAF (SAGE GREEN)

Chain 7. Starting in the 2nd ch from the hook: 1 sl st, 1 sc, 1 hdc, 2 dc in the last ch (the tip), turn and continue along the other side of the chain: 1 hdc, 1 sc, 1 sl st. Fasten off, leaving a long tail.

THE FLOWER (POWDER PINK)

Crochet 12 sc in a magic ring. Without joining the round, continue straight into the petals: *skip 1 st, in the next st: 1 sl st, 1 ch, 3 dc, 1 ch, 1 sl st*, repeat around until you have six petals. Finish with a slip stitch and cut, leaving a long tail.

PART 4: THE STAR AND THE BUTTERFLY

THE STAR (CREAM)

Crochet 5 sc in a magic ring. Without joining the round, continue straight into the points: *1 sc, 3 ch, sl st in the same stitch*, repeat around until all 5 stitches have a point. Fasten off, leaving a long tail.

THE BUTTERFLY (WINGS AND BODY)

Crochet two matching wings in powder pink: 6 sc in a magic ring, inc x 6 (12), fasten off (make 2). Crochet a small body in light blue: 5 ch, sl st in each ch back across. Place the body between the two wings and sew everything together in the middle. Embroider two short antennae in black thread at the top of the body.

PART 5: THE SIDE RINGS WITH BALLS

Two small wooden rings with a dangling crocheted ball inside each, attached partway along the strand on each side of the Oliver medallion.

The balls: crochet two balls, the same pattern as on Oliver's pacifier clip: 6 sc in a magic ring, inc x 6 (12), 12 sc for 2 rounds, dec x 6 (6), stuff lightly, fasten off leaving a long tail.

Hang each ball inside a wooden ring on a short, sewn loop, no more than 6 to 8 cm, never looser. Sew the ring itself securely close against the main strand on each side of Oliver, with several rounds of whip stitching, not just threaded loosely onto the cord.

ASSEMBLY, STEP BY STEP

Lay out all seven motifs and the two side rings in the order you want, with Oliver in the middle, before you attach anything permanently.

- 1 Cut a short, strong cotton cord or braid a cotton strap to the length you want (see the safety page for the maximum length).
- 2 Sew the Oliver medallion onto the middle of the cord.
- 3 Distribute the other six motifs evenly on each side of Oliver, close against the main strand, and sew them on securely.
- 4 Attach the two side rings with the balls a little further out on each side, securely with whip stitching.
- 5 Attach a wooden clip, plastic clip or wooden ring to each end of the cord.
- 6 Measure the whole toy fully stretched out one last time, and check that no motif or ring hangs looser than recommended.
- 7 Fasten every loose end securely on the inside of the pieces, and trim what is left.

PHOTO GUIDE

Add your own photos of each step here once you have crocheted the stroller toy yourself.

SAFETY

WHY THE LENGTH MATTERS SO MUCH

A stroller toy attached at both ends to the pram forms a loop over the child. General safety principles for toys intended for children under 36 months (including in the European toy standard EN 71) state that cords and straps should be kept as short as practically possible, precisely to avoid such a loop ending up around the neck. LME therefore recommends a maximum of 35 to 40 cm between the attachment points, fully stretched out, and that each motif hangs short and close against the main strand, never on its own long threads. This is a cautious LME recommendation, not a quote from a specific clause number, so always check the finished product against current, updated local requirements before use or sale.

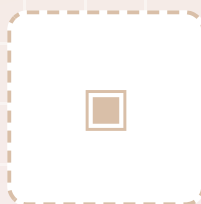

MORE IMPORTANT RULES

- Always use under adult supervision. Remove the stroller toy when the child is sleeping, or when no adult is nearby.
- Attach the toy securely across the pram's bar, never hanging loosely down towards the child's face or neck.
- No parts are glued. Everything is sewn on with strong, twisted cotton thread and plenty of tight stitches.
- Use only attachment clips/rings that are BPA-free/CE-marked and intended for children's products.
- The balls in the side rings must hang on a short, sewn loop, no more than 6 to 8 cm, never looser, and the rings must be sewn on, not just threaded loosely onto the cord.
- Check the toy regularly for wear: loose threads, motifs or side rings hanging loose, or weakened attachment points. Discard the toy immediately if anything is wrong.
- This pattern is a guide for home use. If the finished product is sold, it must always be checked, tested and marked as required under current local safety requirements and regulations for children's products/toys.

CARE AND WASHING

Hand wash in lukewarm water with a little mild soap. Rinse well. Gently press out the water in a towel, do not wring. Lay flat to dry, neatly shaped, away from direct sunlight.

CONGRATULATIONS, THE STROLLER TOY IS DONE!

Now you have crocheted a little Oliver stroller toy. Remember to check the length one last time before attaching it to the pram!

THE REST OF THE LME BABY COLLECTION

- Ellie, the little fawn
- Pip, the little hedgehog
- Felix, the little fox
- Molly, the little lamb
- Luna, the little bunny
- Oliver, the little bear
- Ellie's pacifier clip
- Pip's pacifier clip
- Felix's pacifier clip
- Molly's pacifier clip
- Luna's pacifier clip
- Oliver's pacifier clip
- Pip's rattle
- Felix's rattle
- Molly's rattle
- Luna's rattle
- Oliver's rattle
- Ellie's rattle
- Pip's stroller toy
- Felix's stroller toy
- Molly's stroller toy
- Luna's stroller toy
- Ellie's stroller toy
- Ellie's ballerina shoes
- Ellie's activity toy
